

Parents,

Welcome to preschool!

My name is Marcie Gordon. I will be your child's preschool teacher this year. I have been teaching preschool for twenty-seven years and I love my job. I am a graduate of Ohio University where I received my B.A. in Education. I then completed my masters in The Art of Teaching through Marygrove College.

My goal for this school year is to help your child enter the world of learning with a very positive attitude. I want each child to believe in his/herself and build strong relationships in which they can respect themselves and others. I want each child to build his/her self-esteem and take responsibility for his/her own actions. Most importantly, I would like for each student to develop a love for learning and a love for books and reading.

I look forward to working with you and your child this school year. Together we can build a great learning experience for your child. I will be sending home newsletters to let you know what we are learning here at school and ideas for you to work with your child at home.

If you have any questions or concerns, please do not hesitate to give me a call and we can discuss the issue. The number here at school is 1-740-743-6686.

I look forward to seeing you soon!

Mrs. Gordon
