

Dear Partner in Education,

The Muskingum Valley ESC is excited to partner with Future Ed Solutions to offer the MVESC Digital Academy, new for the 2025-2026 school year! This program allows students to enroll in their home districts while completing online coursework from home. Whether a student needs credit recovery, a flexible schedule to complete original coursework, or a supportive transition back into their home district, our highly qualified Teachers and on-site Mentors are here for them!

Enrollment Process 2025-2026

1. Parent/Guardian enrolls student in home school district according to district process.
2. Student offered the option of enrolling in MVESC Digital Academy, enrollment flyer with QR Code (application) distributed.
3. District proceeds with transfer of academic records for Guidance Department.
4. District proceeds with assigning technology devices (see attached Technology Allow List).
5. Once Guidance Department determines academic course requirements, email course list to Larissa.Cline@mvesc.org to register students for courses with Future Ed Solutions online platform (Accelerate).
6. District will receive regular communication regarding academic progress of participating students.

Feel free to contact me with any questions you may have. Our team looks forward to working with you to help students reach their full potential.

Respectfully,

Larissa A. Cline
MVESC Digital Academy Supervisor
